

Special and similar needs of ULLL of the Warsaw School of Economics

IZABELA BUCHOWICZ

WARSAW SCHOOL OF ECONOMICS

POLAND

ULLL activities of the Warsaw School of Economics

- Post–Graduate Studies;
- Doctoral Studies (8. level of FQE);
- MBA Studies;
- trainings for companies and public institutions;
- short courses providing particular qualifications;
- University of Third Age.

Post-Graduate Studies

Over 150 programmes for graduates of Bachelor (Licentiate) Studies (6. level of EQF) and Master Studies (7.level of EQF) who want to improve their competences increasing attractiveness on the labour market.

The programme duration is 10 months, in a form of two 2-day meetings held every fortnight.

Recruitment is carried out twice a year; the number of places in each edition is limited.

The University prestige (the first position among the economic universities in the Ranking of Higher Schools 2016) attracts students from all over Poland. The School offers unique fields of studies unavailable at competitor universities.

Exemplary (selected) fields of Post-Graduate Studies:

- Analyst's Academy – statistical analyses and data mining in business;
- Academy of Financial Controlling in Capital Groups;
- Professional Coach Academy;
- Insurance Academy – economic or company insurance;
- Alternative sources of capital for development, financial engineering;
- Investment Banking;
- Business on the growing markets of Asia, Africa and South America;
- Business Intelligence – systems of supporting business decisions;
- Compliance;

Exemplary (selected) fields of Post-Graduate Studies cont.

- Fusions and overtaking of companies;
- Spatial economy;
- Public orders;
- Management of waste economics;
- Management of outer space in new economy;
- Management of restructuring and repairing of companies;
- and many more.

Doctoral Studies:

15 programmes allowing attaining the doctorate degree in the field of economic studies in the disciplines: economy, management sciences, finance, public policy sciences.

They are available in two systems: full-time and extramural.

They take between six and eight terms.

It is possible to study in English.

Trainings and courses - the offer addressed to companies

The training offer for institutional customers is prepared by the Centre for Corporate Relations.

Particular projects are developed in close cooperation with a given customer, with regards to individual needs concerning specified professional competences.

The offer of the Warsaw School of Economics within this scope provides the opportunity to increase qualifications and improve skills as well as supporting personal development of the employees through:

- trainings and personalised development programmes;
- commissioned post-graduate studies.

Exemplary trainings and courses carried out last term:

- workshops for PhD candidates;
- commercial training course „Questionnaire surveys in small populations”;
- training course „Statistics with R program”;
- training course „Statistics with EXCEL program”.

Graduates

- The graduates may maintain the contact with the School and other graduates, they may also have access to job offers addressed to the graduates of this School through the membership of the SGH Alumni Club or one of 5 graduate's organizations.
- The SGH Alumni Club accepts persons who completed any of the following studies Bachelor, Master, Doctoral, Post-Graduate, MBA at the Warsaw School of Economics or obtained there a doctorate, post-doctorate (habilitation) or professor degree or title.
- graduate's organizations: SGH Alumni Association, Foreign Trade Corporation (only for the Foreign Trade graduates), CEMBA Alumni Association, WEMBA Alumni Association, CEMS Alumni Association (with 250 members).

What activity is missing? What else can be done for the students?

1. There is missing an offer adequate to the needs of the students who do not decide to take up even 3-year Bachelor (Licentiate) programme.
2. The School offer lacks a short programme of studies, studies at 5.level EQF addressed to Polish students, but mainly to the foreign students.
3. Unfortunately, the Warsaw School of Economics lacks well-functioning RPL.
4. The least often chosen from the School offer are Post-Graduate Studies and trainings concerning the generally understood social issues. As regards this scope, the marketing activities should be improved.

Post-Graduate Studies (without foreign students)

Name of the field of studies	Students	Granted diplomas	Of which diplomas granted to women
